New Tax Bill To Hit Blow At Luxuries

Continued from Page One
Proposed to take 20 per cent with a life increase on up to incomes of \$250,000.

High Levy on Rich

Incomes of \$250,000 to \$500,000 now pay 48 per cent. They will pay 50 per cent on the proposed plan. Upon these higher incomes, the increase will be made as steep as possible, so that a man who is making more than \$1,000,000 a year will have to pay the government practically 80 per cent of everything he gets over a million.

Plans are vague respecting profits. Some favor taxing war profits; others want to keep the present excess profit plan. One plan talked of is to establish a normal peace price for practically everything to be taxed and then take from all of the small and even the middle-sized States of the federation and when aviation has taken such a fabulous development.

All factions were reconciled to the necessity of staying on the job and carrying out the President's wishes. Privately were in accord with the President as to the source of the new taxation—excess profits, incomes and luxuries. But wide differences made their appearance over the extent of the new levy.

When reached, the Capitol from the highest official source that the Administration is desirous of definitely fixing the ratio of taxation to bond issues at forty to sixty in financing the war. In other words, if the nation spends \$200,000,000 this year, in addition to loans to the Allies, approximately \$120,000,000 would be met by bond issues of \$80,000,000, would be raised by taxation. To put such a ratio into effect, a new tax levy of not less than \$1,000,000,000 would be necessary.

INDEMNITY FOR PURCELL

China to Restore \$140,000 Stolen From Philadelphia Engineer

The Chinese Government will make restitution of \$140,000 stolen from E. J. Purcell, Philadelphia engineer, who was taken prisoner by Chinese bandits.

Information was contained in a letter received today by Mr. Purcell's mother, who lives at 836 North Twenty-seventh street.

Mr. Purcell was taken prisoner by the bandits March 15, last. He was released later, and returned to the United States. Since then he has been residing in San Francisco, but his letter stated that he will go to Seattle, Wash., to take charge of Government engineering contracts held by the Sim-Carey Engineering Company, New York.

U-BOAT WAR FAILURE, DECLARES ERZBERGER

Reichstag Leader Urges Peace by Compromise as Only Hope

Washington, May 28.—Mathias Erzberger, leader of the Catholic Central party in Germany, has declared that the submarine war is a failure. In a long article printed in Germany, for May 23, and cited here, he says that a peace by compromise and understanding is more vitally necessary to Germany today than it ever was.

Erzberger was stung to speech by the attacks on him from members of his own party and especially by the Koenigsberg Volks Zeitung. He declares that he stands by all the declarations for a moderate peace he has ever made in the Reichstag and in the committee. He says that events have borne out his prediction of 1914 that ruthless submarine warfare would also declare war against the United States and be the inevitable consequence, and that other neutral countries would also declare war against us. His declaration in July, 1917, concerning the submarine war were reinforced and verified.

MILITARY BUDGET IS LABELED "RUSH"

Army Appropriations With Draft Power Clause, Called in House Today

Washington, May 28.—When the army appropriation bill, carrying \$12,000,000,000 in appropriations and authorizations, was called up in the House today, Chairman DeWitt C. Davis, ranking Republican member, predicted it would pass before Saturday.

In the general debate, opening discussion of the bill, Chairman Klugh of the Ways and Means Committee, was expected to make a ten-minute statement on the forthcoming revenue bill and stating the basis on which the committee would work in framing it.

Chairman DeWitt was fortified with information gathered for him by the War Department on the progress of the appropriation and outlay program. These figures of the bill were expected to draw the principal line of administration opponents in the House. Rumors were in circulation today that one of the pacifist members of the lower body would call for a rollcall on the bill when it comes to final passage, in order that he may register his vote against it.

Although some heated discussion, particularly of that feature of the bill giving the President unlimited power to draft men, was expected, there was little doubt today that the bill would go through in substantially the form in which it was presented by the committee on Military Affairs. A plan to seek universal military training as a rider on the bill was abandoned by its author today, but an amendment to this end by another faction was not unexpected.

The army appropriation bill is the largest appropriation measure scheduled for consideration by the present session of Congress. But for the President's insistence on a revenue bill adjournment would not now be far distant.

Six Thousand Pounds of Explosives Shake Jersey Towns

Six thousand pounds of nitroglycerin exploded with serious damage to the Hercules chemical plant at Trenton, N. J., yesterday afternoon.

The explosion, which occurred at 11:30 a. m., was caused by a bolt striking the plant. The explosion shook the surrounding country for a distance of fifteen miles, waking stumblers.

The shock was distinctly felt in Gloucester and Camden at 12:20 o'clock. The explosion destroyed telephone and telegraph wires.

None of the employees of the plant was hurt when lightning struck the building. The damage is put at \$25,000.

DOCTORS READY TO SERVE

Atlantic City Physicians Will Respond When Country Calls Them

Atlantic City, N. J., May 28.—Victims of every physical ailment, not yet in the national uniform, volunteered his services to Uncle Sam last night when the Atlantic County Medical Society endorsed conscription for medical men and surgeons.

The vote of the meeting was unanimous, and it was the understanding of the meeting that every member physically fit stands ready to respond to a call from Washington at once.

A list of the members of the society, classified as to their special lines, was dispatched to Surgeon General Gorgas this morning.

Boxing Adds \$4200 to Red Cross

Scranton, Pa., May 28.—The boxing benefit held here for the Red Cross war fund netted \$4200. Twelve hundred spectators attended. At the show more than \$2500 was obtained in pledge, more in the main committee of the debate of the water.

FACE \$200,000,000 RAILROAD DEFICIT

Carrying War Supplies Will Cost \$1,000,000,000 More This Year

Washington, May 28.—Carrying America's war supplies will cost the national railroad this year about a billion dollars more than last year, and force Uncle Sam to dig into his pockets for a deficit of nearly \$200,000,000 at the end of the year.

Closing its first five months of operation under Government control today, the national railroad shows an increased operating cost as follows: Fuel, \$160,000,000; increased wages, \$250,000,000; increase in prices for commodities, \$52,000,000; total, approximately \$462,000,000.

As against this, Director General McAdoo has effected the following economic and added revenue: Increased freight and passenger rates, \$80,000,000; but only about seven per cent share of the passenger increase and about six months' share of the freight increase will be available to help pay off this year's deficit; passenger train curtailment, \$100,000,000; discontinuance of a traveling \$2,000,000; reduction of rentals through combining ticket offices and eliminating competitive agencies, \$11,000,000; substitution of Federal managers for high paid railroad presidents, \$2,000,000; total added revenue of \$193,000,000.

Since the railroad act provides that the national railroad must show a revenue of \$100,000,000 to meet its obligations at the end of the year to the various railroad experts, it is declared that at least \$200,000,000 will have to be taken from the revolving fund of the Government to meet the deficit.

Next year, however, the full benefits accruing from the increasing freight and passenger rates instead of only approximately half of the benefits this year, should not only meet all obligations, but enable the refunding of the \$200,000,000 taken from the revolving fund this year.

Director General McAdoo has telegraphed all State Public Service Commissions asking the latter to assist in adjusting the new rates to local conditions. Although the initiation of the rates was not ordered until every State's railroads had been studied, it is admitted some changes will be necessary. Since the new rates allocate all of these railroads much discount is anticipated until they have been studied to meet situations entirely local.

Candidate Is Going to France

Allentown, Pa., May 28.—Charles A. Fisher, a member of the Allentown School Board, while the Pennsylvania Assembly nominates for the Assembly, will decline to run. Mr. Fisher has decided to give up his business and serve as a volunteer in A. M. C. A. secretary in France.

He says that events have borne out his prediction of 1914 that ruthless submarine warfare would also declare war against the United States and be the inevitable consequence, and that other neutral countries would also declare war against us. His declaration in July, 1917, concerning the submarine war were reinforced and verified.

Erzberger was stung to speech by the attacks on him from members of his own party and especially by the Koenigsberg Volks Zeitung. He declares that he stands by all the declarations for a moderate peace he has ever made in the Reichstag and in the committee. He says that events have borne out his prediction of 1914 that ruthless submarine warfare would also declare war against the United States and be the inevitable consequence, and that other neutral countries would also declare war against us. His declaration in July, 1917, concerning the submarine war were reinforced and verified.
